CORY BAND RWCMD Composition Prize 2023

In Association with New Moon Insurance

ENTRY FORM AND COMPETITION RULES

RWCMD CORY BAND

Composition Prize 2023

Brief:

- Entrants are invited to compose a piece for brass band of no more than five minutes duration. Pieces already performed will not be considered.
- Instrumentation should be standard brass band* with no more than four percussion parts. Advice on the basics of brass band scoring can be found by watching Philip Harper's video: <https://www.youtube.com/watch?v=IGyuehvBFbE&feature=youtu.be>
- There are no restrictions on the style or type of music, but the winning entry will have an appeal to a normal brass band and its audience, therefore it is advised that entrants consider at least one of these elements of familiarity:
 - conventional use of tonality or tonal centres
 - Rhythmically-driven music
 - A programme or narrative
- The closing date for entries is September 1st 2023 to philip@coryband.com. On or before this date candidates should submit by email the following:
 - **The entry form** which includes biography and a synopsis of the piece
 - **A full score** in Sibelius, or a PDF score and an audio file (eg mp3)
- A shortlist of four compositions will be selected for rehearsal and performance by the Cory Band in the Dora Stoutzker Hall at RWCMD on Wednesday 1st November 2023. Each of the shortlisted entries will be broadcast afterwards in a series of programmes on Cory Band's YouTube channel, after which an online public vote and a panel of three professional judges will decide the winner.
- The winning entrant will receive a trophy, a cheque for £300 sponsored by New Moon Insurance and the title of 'Winner of the RWCMD Cory Band Composition Prize 2023' for their curriculum vitae.
- The winning entry will be published by Wright and Round Music Publishers, for which the winner will receive a contract of publication, benefitting from royalties annually. The winning entry should therefore be marketable, not just in terms of appeal, but also in terms of level of technical difficulty.
